

Good, clean efficiency.

Notice the difference between dirty coils and coils after a CoolSaver A/C Tune-up.

### During a CoolSaver Tune-up, a qualified contractor will:

- ▶ Measure indoor airflow at filter grill and correct if needed.
- ▶ Inspect filter and change or clean if dirty.
- ▶ Clean outdoor condenser coils.
- ▶ Inspect indoor coil with videoscope and clean if dirty.
- ▶ Inspect indoor blower and clean if dirty.
- ▶ Adjust refrigerant charge to manufacturer's specifications using digital refrigerant analyzer.
- ▶ Test A/C to verify how much cooling you're actually getting.
- ▶ Apply discount from SWEPCO to your CoolSaver service invoice.

# TUNE UP YOUR ENERGY COSTS.

RESIDENTIAL COOLSAVER<sup>SM</sup>  
A/C TUNE-UPS

## Air conditioning system not working as efficiently as it should?

### Stay cool and save.

A CoolSaver A/C Tune-up can improve the cooling output and efficiency of your air conditioning unit by up to 30 percent. Plus, you can receive up to \$200 in instant utility discounts.

### How it works.

A qualified contractor will identify ways to improve the efficiency of your A/C, implement any recommended improvements, and apply the discount to the services.

State-of-the-art diagnostic tools and procedures will result in cooler air in your home, increased performance and lower energy use.

### Benefits:

- ▶ Lower energy costs
- ▶ Cooler indoor environment
- ▶ Improved humidity control
- ▶ Extended life of your unit

### CoolSaver residential incentive rates:

\$150	less than 2.5 tons
\$200	>2.5–5 tons

### Who is eligible?

SWEPCO's Arkansas residential customers with a central A/C or heat pump of up to 5 tons and at least one year old are eligible.

Units that have completed a CoolSaver Tune-up within the last five years are not eligible.

### How to participate:

1. Contact SWEPCO at **888-266-3130** to schedule an appointment with a qualified CoolSaver contractor or sign up online at **SWEPCO.com/ARsaves**.
2. Your contractor will conduct an evaluation of your existing equipment, identify energy-saving improvement opportunities, and complete the CoolSaver A/C Tune-up.
3. Your contractor will apply the SWEPCO incentive as an instant discount on your final bill.
